

Application form (submit to researchhub@efrs.eu)

EFRS Research Hub ECR 2020

1. Researcher Contact Details (add more rows where necessary):

Name	Institution	Email	Cell phone	Title / position
Lead:				
Collaborator1:				
Collaborator2:				

|

2. The research activity is related to: (tick as appropriate)

Doctoral Study	Masters study	Undergraduate study	Academic research activity	Clinical research activity	Other

3. Research leader is: (tick as appropriate)

Doctoral student	Masters student	Academic supervisor for undergraduate student	Academic lecturer	Clinical Radiographer	Research Radiographer	Other

4. Title of proposed research:

5. Abstract: Provide an abstract of approximately 250 words briefly describing the project in lay terms.

6. Significance statement: Explain in a few paragraphs why this research is worth doing, including relevant citations.

7. Background: Provide a brief background of no more than one page, including relevant citations.

8. Method: Describe the research methodology in no more than one page, including relevant citations

9. Requirements

Participants

- i) How many participants do you hope to recruit?
- ii) How much time do you need with each participant?
- iii) What type of participant do you require? e.g radiographer (medical imaging/therapy/specialism), student radiographer, radiologist (consultant/trainee/specialism), medical physicist, other (explain)

Equipment and environment - Please outline equipment you will require, including how you intend to source it (note: the Hub can supply limited seating desk space and power outlets, and some medical grade monitors). Please also outline any specific

environmental conditions you would need (e.g. ambient lighting, quiet/private space etc.)

10. Ethical Approvals: Provide evidence of your own institutional research board approval or explain the ethical approval you plan to apply for (Please note projects will not be finally approved without the correct ethical approval documentation).

11. Expected Output

Please outline how you plan to disseminate your research findings, **noting the Research Hub requirements outlined in the Terms and Conditions:**

s Research paper to a journal	Submission for conference presentation e.g. ECR	national or local professional society presentation	Other (please specify)	Not Sure

12. References: List references cited in the previous sections

13. Agreement with Terms and Conditions of the EFRS Research Hub 2020

I have read and understood the EFRS Research Hub 2020 Terms and Conditions and agree on behalf of the research team to abide by them. I accept responsibility for the actions of my research team.

Signed: _____ (Lead Researcher)

Print Name: _____

Date: _____

Funding : If funded please provide details of funding source
